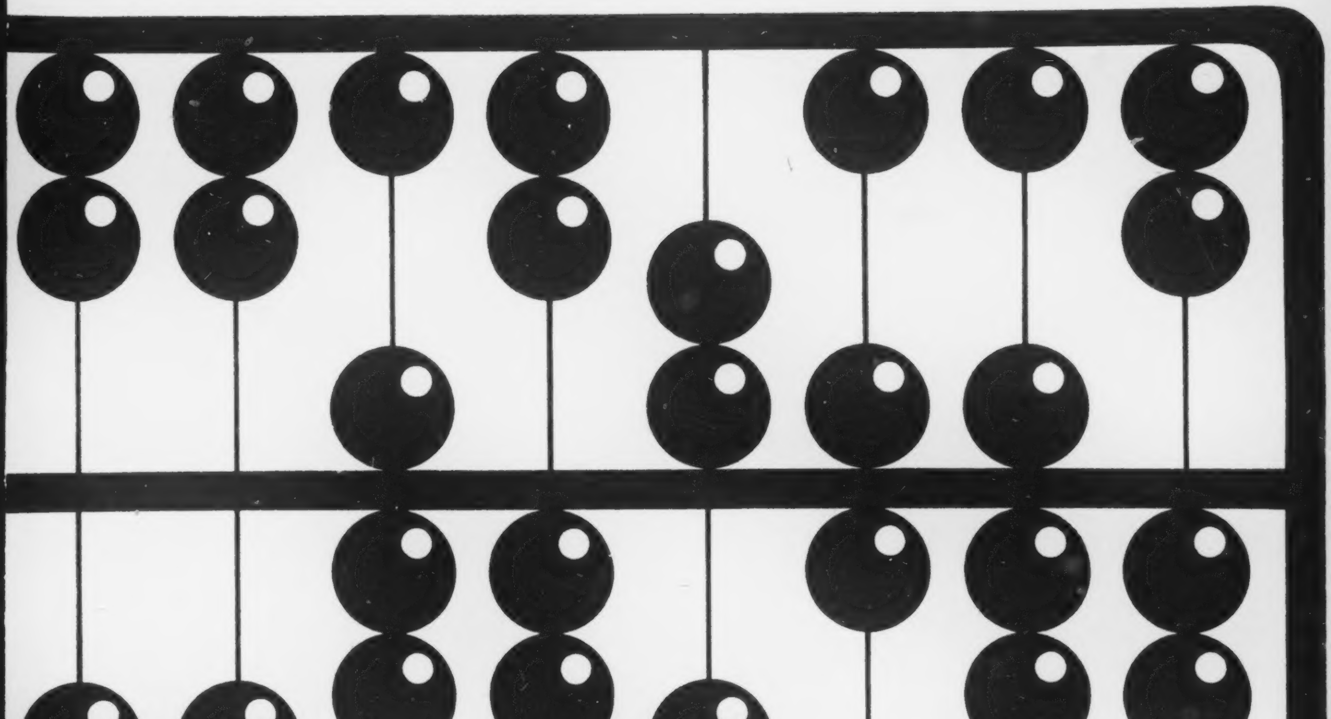
Rankings

of the Counties and School Districts of South Carolina 1989-90

1991 EDITION



CAUTION

Any reproduction of tables found in this document not accompanied by both footnotes and the appropriate section of explanatory notes may result in misinterpretation of information.

Information in this public document was prepared to assist public school administrators in making local comparisons and identifying future needs. The per copy cost for printing and handling was $7.00. Copies were provided free of charge to selected school district administrators during the initial distribution period.

Other copies may be obtained from a limited supply in the Office of Research (see page vii for address) by sending a check payable to the South Carolina Department of Education for the above listed amount. Data in the tables will be available in ASCII on 5 1/4" double-sided double-density diskettes on a prepaid basis for $10.00, which includes postage and handling. Reference copies of this publication also are available to the public from county and other public libraries through inter-library loans with the South Carolina State Library located in Columbia, South Carolina.

The South Carolina Department of Education does not discriminate on the basis of race, color, national origin, sex or handicap in admission to, treatment in or employment in its programs and activities. Inquiries regarding the nondiscrimination policies should be made to Personnel Director, 1429 Senate Street, Columbia, SC 29201, (803) 734-8505.

FOREWORD

This document is produced primarily to allow comparisons of school districts on various characteristics which result from or are connected closely with the education process in South Carolina. In some instances, data for characteristics are unavailable for school districts but exist for counties. Therefore, one or the other or both levels of comparisons may be located within various editions of *Rankings*.

For the past twenty years, the educational characteristics in this document have been presented in essentially the same format. Each issue was modified to include certain characteristics of increasing interest in the educational community and to exclude certain obsolete characteristics.

The 1991 edition contains 118 ranked characteristics that are arranged alphabetically, by district or county name, and numerically, by characteristic value. **In some instances, a high value may be favorable; in others, it may be unfavorable.** Users should give attention to the sources that are supplied in the footnotes at the end of each table as well as the Explanatory Notes at the beginning of this document. Additionally, Appendix C should be referenced by users of the tables involving revenues and expenditures.

Care should be taken when comparing the financial data in this report with those of previous years. Several accounting changes were incorporated in the statewide Accounting System during fiscal years 1987-88 and 1988-89.

High, low, or median values for the characteristics presented in the tables are not intended to measure the quality of education in any school district. Many other factors must be taken into consideration when determining quality education. This updated information may be useful to you in preparing local profiles, public information brochures, and other such sources of information.

For the past sixteen years, the Office of Research, Management Information Section, has provided District Profiles based on the school district characteristics found in this document. These profiles will be available again upon request. Additionally, the data in the tables will be available in ASCII on 5 1/4" double-sided double density diskettes.

We continue to desire your comments on uses made of the information within this publication and its importance to you. Your recommendations for change as well as any questions concerning the content of the publication are invited and encouraged.

EXPLANATORY NOTES

The 1991 edition of *Rankings* presents 118 tables of ranked characteristics related to public education in South Carolina. The characteristics are arranged alphabetically by school district or county name and numerically by characteristic value. In some instances, a high value may be favorable; in others, it may be unfavorable.

Statistics for Felton Laboratory School, South Carolina Youth Services District, Palmetto Unified District, and South Carolina School for the Deaf and Blind were excluded from all tables.

State totals presented for tables in this publication may not equal the sum of district/county figures, or may not be exactly the same as listed in the source document, due to rounding procedures.

POPULATION

Population estimates used in the tables were provided by the Division of Research and Statistical Services of the State Budget and Control Board. These estimates reflect population as of July 1, 1989.

ECONOMICS

Two tables, 23 and 24, ranking counties according to the percent of certain 1980 families below poverty level in 1979, were added to the current edition. Table 23 involves all 1980 families with children ages 0 to 17; whereas Table 24 involves only 1980 families with female householders who have children ages 0 to 17.

Tables relating to employment in various categories (Tables 34-40) display estimates of nonagricultural wage and salary employment by the county in which the work was performed, rather than by the county in which the workers resided. This reporting was consistent with the reporting in previous editions. In this edition the mining category is included with the construction category rather than services as in previous editions due to a change in the source document. The figures for the State may not equal the sum of county figures in the employment tables due to rounding procedures and the inability to allocate some workers in the South Carolina totals to specific counties.

In order to maintain the confidential nature of data reported by employers, information was not shown in the source document for industries with fewer than three reporting units or when any firm, or two firms combined, accounted for 80 percent or more of employment in the industry.

As in the past fourteen editions, the labor force statistics used to calculate unemployment percentages (Table 32) were reported on a residence basis rather than by place of work and were based on an annual benchmark derived from the Current Population Survey Benchmark.

Table 33 gives the 1989 average weekly wage of workers covered in employment. The data reported in the source document were based on employment and payroll information reported by employers to the Unemployment Compensation Division of the South Carolina Employment Security Commission on its regular quarterly tax reports.

PUPILS

The official count for pupils in grades K-12 is the Average Daily Membership (ADM) at the end of the 135-day accounting period. Tables 47-50 present enrollment figures rather than ADM figures to allow certain comparisons.

PROFESSIONAL STAFF

Unless otherwise stated, statistics for personnel in special education schools were included in tables relating to professional staff. County personnel were not included in the various staff tables due to the impracticality of allocating such staff to individual districts. See Appendix D for a definition of staff included in the various tables.

FINANCES

Table 107 ranking current operating expenditures per pupil in total weighted membership has been added to this year's edition.

Fringe benefits were excluded from Tables 110-113 but were included in Tables 107 and 108. State funds for fringe benefits were issued directly to the school districts since 1987-88 rather than being held at the State Department of Education as in previous years (except in 1981-82). Consequently, the total fringe benefits were included in the operating funds of the school districts rather than in the operating funds of the State Department of Education as in years prior to 1987-88.

The financial tables include expenditures and revenues for area vocational centers and county boards. The area vocational center monies were prorated among the districts on the basis of the number of pupils attending the centers (See Appendix A). The county board monies were prorated on the basis of ADM for the respective districts (See Appendix B).

The pupil count used in the computation of expenditures and revenues per pupil was the Average Daily Membership for the 135-day reporting period. Kindergarten pupils were counted as half-day pupils.

Table 103 reflects the fiscal capacity as updated annually by the South Carolina Tax Commission. The fiscal capacity shown for each district in this table is determined by the South Carolina Tax Commission and is the sum of five different parts or types of fiscal capacity. Part 1 is the adjusted assessed value of owner-occupied residential property, which is 4% of the full market value. Part 2 is the assessed value of all agricultural property as determined through applying a 4% or 6% assessment ratio according to use. Part 3 is the adjusted assessed value of all the other real property such as commercial property, rental homes, vacation homes, etc., with the assessment rate set at 6% of the full market value. Part 4 is the total assessed value of all the locally assessed personal property such as personal automobiles, boats, airplanes, etc.. Part 5 is the total assessed value of all property which is assessed only by the South Carolina Tax commission. The types of property included in Part 5 are industrial property (real and personal), utility property (power, telephone, railway cars, airlines), merchant furniture, and fixtures, etc..

For Part 1 and Part 3, the South Carolina Tax Commission conducts the Sale Appraisal Ratio Study to obtain the full market value. The Sale Appraisal Ratio Study is based on the true sales information in the two most recent years which is furnished by each county assessor during the applicable years. The sum of these five fiscal capacity parts for any given school district divided by the derived fiscal capacity for the State produces the index of taxpaying ability, commonly referred to as the "ability index," for a given district (See Table 106).

Current operating expenditures reported in this publication (Tables 92, and 107-109) include the totals for Administration, Instructional Services, Plant Operations and Maintenance, Auxiliary Services, and Fringe Benefits. Expenditures for Capital Outlay, Debt Service (Tables 115 and 116), Adult Programs, Community Services, and Pupil Activities are not included in the tables reflecting current operating expenditures. See Appendix C for a complete listing of School District Audit accounts used in the computation of revenues and expenditures.

Caution should be exerted when comparing the financial data in this report with that of *Rankings* prior to the 1989 edition. Among the changes which occurred during fiscal year 1987-88 were the reporting for fringe benefits and the elimination of Adult Programs, Community Services, and Pupil Activities from the revenue computations.

ACKNOWLEDGEMENT

Deep appreciation is extended to all persons who have contributed to the development of the 1991 edition of *Rankings of the Counties and School Districts of South Carolina*.

LIST OF TABLES

(c) Indicates characteristics which are ranked by county.

(d) Indicates characteristics which are ranked by school district.

POPULATION

Table No. Page No.

1. Total Population as of April 1, 1980 (c) 1
2. Percent Change in Total Population from April 1, 1970 to April 1, 1980 (c) 3
3. Percent of Population Classified as Nonwhite, 1980 (c) 5
4. Median Age of Population as of April 1, 1980 (d) 7
5. Percent of 1980 Population Under 18 Years of Age (c) 9
6. Percent of Population 5 to 17 Years of Age, 1980 (d) 11
7. Percent of Population 18 Years Old or Over Not Completing High School, 1980 (d) 15
8. Percent of Population 18 Years Old or Over with Less than a 5th Grade Education, 1980 (c) 17
9. Median School Years Completed by Population 25 Years Old or Over, 1980 (c) 19
10. Percent of Population Classified as Rural, 1980 (d) 20
11. Percent of Population 18 Years Old or Over with Children Ages 6 to 17, 1980 (c) 24
12. Percent of Households Headed by a Single Parent, 1980 (d) 26
13. Percent of Families with Children Ages 0 to 17 and Headed by Female Householders, 1980 (d) 30
14. Estimated Population as of July 1, 1989 (c) 34
15. Percent of Population Classified as Nonwhite, 1989 (c) 36
16. Percent Change in White Population from April 1, 1980 to July 1, 1989 (c) 38
17. Percent Change in Nonwhite Population from April 1, 1980 to July 1, 1989 (c) 40
18. Percent of Population in Public or Nonpublic School Membership (K-12), 1989-90 (c) 42
19. Percent of Registered Voters Who Voted in Statewide General Election on November 6, 1990 (c) 44
20. Percent Pregnancies among Females 14 to 17 Years Old, 1989 (c) 46
21. Crime Rate in Reported Incidents Per 10,000 Population, 1989 (c) 48

ECONOMICS

Table No. Page No.

22. Percent of 1980 Families Below Poverty Level, 1979 (d) 49
23. Percent of 1980 Families with Children Ages 0 to 17 Below Poverty Level, 1979 (d) 53
24. Percent of 1980 Families with Female Householder, No Husband Present, with Children Ages 0 to 17 Below Poverty Level, 1979 (d) 57
25. Median Household Income, 1979 (d) 61
26. Per Capita Personal Income, 1988 (c) 63
27. Percent Increase in Per Capita Personal Income from 1980 to 1988 (c) 65
28. Percent of State Income Tax Returns with Taxable Income of Less Than $8,000, 1989 (c) 67
29. Percent of State Income Tax Returns with Taxable Income of $8,000 to $12,999, 1989 (c) 68
30. Percent of State Income Tax Returns with Taxable Income of $13,000 to $24,999, 1989 (c) 69
31. Percent of State Income Tax Returns with Taxable Income of $25,000 and Over, 1989 (c) 70
32. Percent of Total Civilian Labor Force Unemployed, 1989 (c) 71
33. Average Weekly Salary of Workers Covered in Employment, 1989 (c) 73
34. Percent of Nonagricultural Wage and Salary Employment in Manufacturing, 1989 (c) 74
35. Percent of Nonagricultural Wage and Salary Employment in Construction and Mining, 1989 (c) 76
36. Percent of Nonagricultural Wage and Salary Employment in Transportation and Public Utilities, 1989 (c) 78
37. Percent of Nonagricultural Wage and Salary Employment in Wholesale and Retail Trade, 1989 (c) 80
38. Percent of Nonagricultural Wage and Salary Employment in Finance, Insurance, and Real Estate, 1989 (c) 82
39. Percent of Nonagricultural Wage and Salary Employment in Services, Including Agricultural Services, 1989 (c) 84
40. Percent of Nonagricultural Wage and Salary Employment in Government, 1989 (c).... 86
41. Per Capita Value of Farm Products, 1989 (c) 88
42. Per Capita Value of Net Taxable Sales, 1989 (c) 90

HIGHLIGHTS

- Twenty-four percent of the 1989 projected population for Jasper County was in grades K-12 (public or private) in 1989-90. This value ranked the highest in the state. Saluda County with 14.9 percent ranked lowest.
- The largest percent of registered voters participating in the November 6, 1990 election was 70.2 in Hampton County. The state percentage was 58.4.
- With a 1989 pregnancy rate for females ages 14 to 17 being 10 per 100, Allendale County ranked the highest in South Carolina. The state rate for the group was 5.5 per 100.
- The highest ranked per capita income in South Carolina in 1989 was in Greenville County with $15,411. Lee County with $8,436 per capita was lowest. The state per capita income was $12,917.
- The Greenville school district with an average daily membership of 50,621 was the largest in South Carolina during 1989-90 while Marion 4 was the smallest with 571.
- Overall 6.7 percent of South Carolina's students attended private or parochial schools.
- Dorchester 2 with a 30.6 percent increase had the largest increase in enrollment from 1979-80 to 1989-90. Statewide enrollment declined by 1.0 percent during this 10-year period.
- Enrollment in basic and high school adult education programs was largest in Richland County during 1989-90. Overall, 81,200 were enrolled in programs across the state.
- More than 90 percent of the pupils in Orangeburg 2 were eligible for free or reduced-price lunches in October 1989. Statewide, 39.7 percent were eligible.
- Of the 43,016 professional staff members within the school districts in South Carolina during 1989-90, 22,839 or 53.1 percent had a Master's Degree, Six-year Certificate, or Doctorate.
- The ratio of school membership to kindergarten, elementary and secondary teaching staff during 1989-90 ranged from 20 to 1 (in 19 districts) to 15 to 1 in Spartanburg 3 (the smallest in the state).
- Average total contracted salary for classroom teachers for 1989-90 in South Carolina was $26,779. Spartanburg 6 had the highest rank with a reported salary of $30,000, and Marion 3 had the lowest with $22,667.
- Revenue received per pupil in average daily membership from local, state, and federal sources increased across the state from $1,490.74 in 1979-80 to $3,882.01 in 1989-90 for an increase of $2,391.27. District increases per pupil ranged from a high of $3,754.77 in Hampton 2 to a low of $1,674.48 in Orangeburg 4.
- Wealth or fiscal capacity per pupil was largest during 1989-90 in York 2 with $85,825. The lowest was found in Marion 4 with $4,087.
- Current operating expenditures per pupil during 1989-90 ranked highest in Hampton 2 with $5,045.32 per pupil and lowest in Dorchester 2 with $3,187.85. The state total for the 91 school districts was $3,788.09 per pupil.

TABLE 1

TOTAL POPULATION AS OF APRIL 1, 1980* BY COUNTY

Listed Alphabetically

County	White	Nonwhite	Total	Rank

*Preliminary 1989 data from the South Caroline Employment Security Commission, Labor Market Information Division, *South Carolina's Labor Force & Industry, 1985-1989*, June, 1990.

NOTE: The labor force data were projected from an annual benchmark derived from the Current Population Survey and represent employment and unemployment by place of residence. These data are not strictly comparable to place of work data. Total employment includes agricultural employment and 'all other' nonagricultural employment (self-employed, unpaid family, and workers in private households). Detail may not add to totals due to rounding.

*South Carolina Department of Education, Office of School Food Services, reports from school districts for the month of October, 1989. The October data are used because verification is done for that month. The fall membership reported is the 45-day membership reported on the source document and may not match Office of Finance figures. School meals may not be made available to all kindergarten students in all districts. Also, some students who are eligible for free or reduced price meals may choose not to apply or participate in the meal program. Therefore, the number of eligible students shown in this table may not represent total eligible students, and the percent eligible may be distorted.

*South Carolina Department of Education, Office of Finance, "135-Day Membership and Attendance Report, 1989-90", and *The South Carolina Education Finance Act of 1977.* Kindergarten membership is reported for half-day sessions in South Carolina. The weighting of 1.30 for the classification as presented in the Finance Act was reduced by one-half. Thus a weight of 0.65 was used to compute the weighted membership for kindergarten.

---

[*] South Carolina Department of Education, Office of Finance, "135-Day Membership and Attendance Report, 1989-90," and *The South Carolina Education Finance Act of 1977*. The nine classifications combined for this table and their respective weighting factors are: Educable Mentally Handicapped (1.74), Learning Disabled (1.74), Trainable Mentally Handicapped (2.04), Emotionally Handicapped (2.04), Orthopedically Handicapped (2.04), Visually Handicapped (2.57), Hearing Handicapped (2.57), Speech Handicapped (1.90), and Homebound (2.10). Average weighting factor is the sum of the weighted membership in the nine classifications divided by the sum of the average daily membership in the nine classifications.

---

[a] South Carolina Department of Education, Office of Finance, "Student Accountability System, District Report, Fiscal Year 1989-90," "District Report, Summer 1990," and "135-Day Membership and Attendance Report, 1989-90." Academically gifted counts include the number of students served as reported on the 135-day school report and the number of new students served as reported on the summer school report. Counts are low in grades 1 and 2 because programs are not state funded. Counts are low in grades 11 and 12 because academically gifted pupils in grades 11 and 12 generally enroll in advanced placement courses.

[*] The College Board, Advanced Placement Program, "Public School AP Distribution: South Carolina, May 1990 (APPC 2800) and South Carolina Department of Education, Office of Finance, "135-Day Membership and Attendance Report, 1989-90." State Totals include 37 candidates and 47 examinations from Sumter District 2. These counts were excluded from the public total in the source document. State Totals exclude 36 candidates and 61 examinations from the Governor's School for Science and Mathematics that were included in the public total in the source document. The number of Advanced Placement examinations taken exceeds the number of candidates because some candidates pursue more than one college-level course.

---

[*] State Tax Commission, Property Tax Division, "PRS Index of Taxpaying Ability, March 1991" (R.D. PRS610), and State Department of Education, Office of Finance, "135-Day Membership and Attendance Report 1989-90." The fiscal capacity, indicating property values as of December 31, 1989, is preliminary information. Also, the fiscal capacity dollar value for the State is less than that in the source document, due to the inability to allocate $61.00 to a specific school district or districts. Kindergarten ADM is counted as 0.5 of the total kindergarten classification.

[*] State Tax Commission, Property Tax Division, "PRS Index of Taxpaying Ability, March 1991" (R.D. PRS610), and *School District Audits, 1989-90*. Where applicable, figures for "Actual Tax Revenue" include pro rata share of county board and/or area vocational center receipts. Levies for Debt Service are excluded. Detail may not add to totals due to rounding. Ability index, computed from property values as of December 31, 1989, is preliminary information. **Figures presented for "Tax Effort" are for comparison purposes and do not reflect effort required by the Education Finance Act.** Effort required by the Education Finance Act utilizes the ability index for the prior year (property values as of December 31, 1988). Also, figures may not match due to necessary adjustments made in computing the effort required by the Education Finance Act.

[*] *School District Audits, 1989-90* ("Total Current Expenditures" excludes expenditures for Adult Programs, Community Services, Pupil Activities, Programs for Preschool Handicapped 4- and 5-year olds, Capital Outlay, and Debt Service; where applicable, figures include pro rata share of county board and/or area vocational center expenditures); and South Carolina Department of Education, Office of Finance, "135-Day Membership and Attendance Report, 1989-90," and *The South Carolina Education Finance Act of 1977*. Kindergarten membership is reported for half-day sessions in South Carolina. The weighting of 1.30 for the classification as presented in the Finance Act was reduced by one-half (0.65) in computing the weighted membership for kindergarten.

TABLE 108

CURRENT OPERATING EXPENDITURES PER PUPIL IN AVERAGE DAILY MEMBERSHIP (EXCLUDES ADULT PROGRAMS, COMMUNITY SERVICES, PUPIL ACTIVITIES, CAPITAL OUTLAY, AND DEBT SERVICE), 1989-90* BY SCHOOL DISTRICT

APPENDIX C

FINANCIAL ACCOUNTS, 1989-90

Below is a listing of the revenue and expenditure accounts used in compiling data for the financial tables in this publication.

REVENUE BY SOURCE

(Excludes Adult Programs, Community Services, Pupil Activities, Capital Outlay, and Debt Service.)

RANKINGS		SCHOOL DISTRICT AUDITS (Schedule B)	
Table Number	Revenue	Accounts	
93	Local Sources (Including taxes)	Local Receipts (Excludes any amounts in the Debt Service, School Building or Pupil Activity Funds.)	1110, 1130, 1190, 1200, 1310, 1350, 1400's, 1500's, 1600's, 1910, 1920, 1935, 1990, 1992, 2000's
94	State Sources	State Receipts (Excludes any amounts in the Debt Service, School Building or Pupil Activity Funds.)	3112, 3113, 3120's (excluding 3122), 3131, 3132, 3140's, 3160, 3180, 3190, 3200's, 3300's, 3500's (excluding 3540, 3542, 3551, 3553, 3590), 3800's, 3990's
95	Federal Sources	Federal Receipts (Excludes any amounts in the Debt Service, School Building or Pupil Activity Funds.)	4110, 4130, 4140, 4160, 4210, 4230, 4290, 4300's, 4500, 4600, 4800's, 4900's
96	Local, State, and Federal Sources	All accounts included in Tables 93-95 listed above.	--

REVENUE BY SELECTED PURPOSE

Table Number	Revenue	Accounts	
98	Local Taxes for Current Operations	Local Receipts (Included in the General Fund.)	1110, 1130, 1190, 1200, 2100, 2200, 2300
99	Local Taxes for Current Operations and Debt Service	Local Receipts (Included in the General or Debt Service Funds.)	1110, 1120, 1130, 1190, 1200, 2100, 2200, 2300
100	Capital Outlay[1]	Vocational Construction and Equipment - State State School Building Fund EIA - School Building Aid Capital Outlay (P.L. 815) Vocational Construction and Equipment - Federal	3111 3170 3590 4120 4220
	Debt Service[2]	Levies for Debt Service Premium on Bonds Sold	1120 1980

APPENDIX C --continued

CURRENT OPERATING EXPENDITURES
(Excludes Adult Programs, Community Services, and Pupil Activities.)

RANKINGS		SCHOOL DISTRICT AUDITS (Schedule B)	
Table Number	Expenditures	Accounts	Function
107 & 108	Current Operating Expenditures	All accounts included in Tables 110-114 listed below	--
110	Administration[3]	Board of Education	231
		Office of Superintendent	232
		School Administration	233
111	Instructional Services[3]	General Instruction	110's
		Exceptional Programs	120's
		Special Programs	140's
		District-Wide General/ Exceptional	150's
112	Plant Operation and Maintenance[3]	Operation and Maintenance of Plant	254
113	Auxiliary Services[3]	Summer School Program	170's
		Pupil Services	210's
		Instructional Staff Services	220's
		Fiscal Services	252
		Pupil Transportation	255
		Food Services	256
		Internal Services	257
		Central Support Services	260's
114	Fringe Benefits	Expenditures Associated with above accounts[3]	

OTHER EXPENDITURES

115	Capital Outlay	Facilities Acquisition and Construction	253
116	Debt Service	Debt Service	500

---

[1] In addition to accounts 3111, 3170, 3590, 4120, and 4220, amounts included in the school building fund category of any account listed in local, state, or federal revenue also were classified as capital outlay. However, amounts placed in the debt service fund category were excluded from the above accounts.

[2] In addition to accounts 1120 and 1980, amounts included in the debt service fund category of any account listed in local, state, or federal revenue or capital outlay also were classified as debt service.

[3] Fringe benefits (object 200's) were excluded from all accounts in Tables 110-113 and were included in Table 114.

APPENDIX D

POSITION CODE IDENTIFICATION

-from the Basic Educational Data System (BEDS), a self-reporting mechanism-

PROFESSIONAL INSTRUCTIONAL-ORIENTED PERSONNEL:

Administrative - School

01	Principal
02	Asst. Principal, Co-principal, Curriculum Coordinator

Administrative - Voc. Center

13	Director
14	Assistant Director
15	Job Placement Coord.
16	Adult Program Coord.
17	Other Administrative

Temporary Staff

19	Temporary Instructional - Oriented Staff

Professional Instructional Staff

03	Itinerant Teacher
04	Child Development Teacher
05	Kindergarten Teacher
06	Special Educ. (Self-contained)
07	Special Educ. (Resource)
08	Classroom Teacher
09	Other Prof. Instr. Staff

Professional Instructional - Oriented Staff

10	Librarian/Media Specialist
11	Guidance
12	Other Prof. Instructional - Oriented Staff
18	Non-Certified ROTC Instructors

PROFESSIONAL SUPPORT STAFF:

Business Personnel

20	Business Manager
21	Accountant/Accounting Dir.
22	Bookkeeper
23	Finance Officer/Fiscal Affairs
24	Payroll Supervisor
25	Purchasing Agent
26	Food Services Director
27	Data Processing Personnel
28	Personnel Director
29	Other Business Personnel

Plant and Facilities

30	Maintenance Director
31	Superintendent of Buildings
32	Assistant Maintenance Director

Transportation

33	Supervisor of Vehicles
34	Transportation Director

Federal Projects Coordinator

35	Coordinator of Federal Projects

Health Personnel

36	School Nurses
37	Occupational and Physical Therapists
38	Orientation/Mobility Therapists
39	Audiologists

Social Workers and Attendance Personnel

40	Social Worker
41	Attendance Officer

Other Professional Noninstructional Staff

43	Attorneys, architects, engineers and other noninstructional personnel employed by the school system and not included above

APPENDIX D--continued

COUNTY/DISTRICT OFFICE PERSONNEL ONLY:

Administrative

49	Asst. Supt. (Assoc., Deputy)
50	District Superintendent
51	County Superintendent
52	Area Superintendent
53	Director of Instruction
54	Supervisor, Elementary Educ.
55	Supervisor, Secondary Educ.
56	Supervisor, Adult Education
57	Director, Vocational Educ.
58	Director, Special Services
59	Director, Early Childhood Educ.
60	Director, Child Development

Consultant, Coordinator

61	Agriculture
62	Art
63	Business and Office Educ.
64	Distributive Education
65	English
66	Reading
67	Foreign Language
68	Health Occupations
69	Health, Safety, Physical Education
70	Home Economics
71	Industrial Arts
72	Mathematics
73	Music
74	Science
75	Educational Evaluator
76	Social Studies
77	Trade and Industrial
78	Special Education
79	Driver Education
80	Library Services/Media Specialist
81	Guidance
82	Early Childhood
84	Elementary
85	Psychologist
99	Other County Office/District Office Personnel

APPENDIX E

GLOSSARY

Ability Index: A measure of local revenue-producing ability which is based on property values within a school district. It is calculated by dividing the fiscal capacity of the school district by the fiscal capacity of the State. See Fiscal Capacity.

Academically Gifted Students: Those who are identified in grades 1-12 as possessing demonstrated or potential abilities for high performance in academic areas and therefore require services or programs not ordinarily provided by the regular school program.

Administrative Staff: Public school staff located within school districts or schools and involved in duties of managing and organizing local education programs. Administrative positions from the Basic Educational Data System (BEDS) are used to identify this category of staff. Administrative positions, for the purpose of this publication, include school principals; assistant principals; vocational center directors; assistant directors; job placement and adult coordinators; district, county, and area superintendents; and assistant superintendents. This staff count may not exactly correspond to the staff used in the computation of administrative expenditures since two different reporting systems are used. See Expenditures, Administration.

Adult Basic Programs: A combination of class instruction equivalent to that found in grades 1-8 and consisting of basic skill areas such as reading, writing, and mathematics. The program serves adults age 18 and over, unless special permission is granted by a local school board. Class instruction is provided in school districts, churches, housing projects, community centers, health care centers, work places, and other sites.

Adult High School Programs: A combination of class instruction equivalent to that found in grades 9-12. The program serves adults age 18 and over, unless special permission is granted by a local school board. Adults who are literate and can function in everyday life but are not proficient in skill areas may enroll. This includes adults seeking a high school diploma or equivalent completion through the General Educational Development (GED) examination. Classes are offered in school districts, vocational centers, churches, housing projects, community centers, health care centers, work places, and other sites.

Advanced Placement: The Advanced Placement (AP) Program is a cooperative educational endeavor sponsored by the College Board. It serves primarily eleventh and twelfth grade students who wish to pursue college-level studies while still in secondary school.

Assessed Valuation: The value placed upon property for the purpose of taxation. The process of making the official valuation of property is under the auspices of each county assessor and in cooperation with the State Tax Commission. See Explanatory Notes, page vi, for further information.

Auxiliary Services: See Expenditures, Auxiliary Services.

Average Daily Attendance: The aggregate number of days for which students are in attendance divided by the number of days in the reporting period. Average Daily Attendance (ADA) is computed for all public schools and districts at the end of 15, 45, and 135 days of school.

Average Daily Membership: The aggregate number of days for which students are in membership divided by the number of days in the reporting period. Average Daily Membership (ADM) is computed for all public schools and districts at the end of 15, 45, and 135 days of school. The latter count is considered official for funding purposes. See Membership.

Average Salary: The sum of individual salaries divided by the number of individuals. For classroom teachers, only individuals teaching full time within a combination of BEDS position codes 03-09 for a contracted period of at least one hundred ninety days within the school year are included. The salary is the total contracted salary for the school year and does not include bonus or incentive pay as provided under the Education Improvement Act.

Bachelor's Degree: An earned basic degree from an approved college education program which allows an individual to become certified to instruct in one or more subject specialities. Regular teachers must possess a bachelor's degree and meet requirements of certification as adopted by the State Board of Education. A teacher with this basic degree is issued a Class III Certificate. An earned bachelor's degree plus eighteen semester hours of graduate credit in a planned program approved by the State Board of Education entitles an individual to receive a Class II Certificate.

Basic Educational Data System (BEDS): This annual collection is based on individual or self reporting for accreditation purposes.

Capital Investment: See Capital Outlay.

Capital Outlay: A payment or payments associated with the acquisition of land and buildings, the remodeling and construction of buildings and additions to buildings, initial installation or extension of service systems and other built-in equipment, and improvement to sites. It is usually an expenditure which results in the acquisition of or improvement to assets intended to be permanent or fixed. Such a payment is a capital investment or is said to be capital in nature as contrasted with a current expenditure.

County: One of the basic forty-six territorial units of local governments into which the State of South Carolina is divided. These forty-six governmental units encompass ninety-one geographic or territorial public school districts.

Crime Rate: The number of crimes per 10,000 population. The information is collected and classified by the South Carolina State Law Enforcement Division according to the guidelines of the International Association of Chiefs of Police (IACP) and the National Sheriff's Association. Crime includes murder, rape, robbery, aggravated assault, breaking and entering, larceny, motor vehicle theft and arson.

Current Operations: Activities of a school district for a certain school year. The term is normally used to denote monies which are not of a capital nature and are applied during and for the school year under consideration. See Expenditures, Current Operating.

Debt Service: A payment or payments made for the purpose of reducing a debt, excluding current loans, and usually resulting from a capital investment. Such payments are not considered to be associated with the current operations of a school district.

Doctorate Degree: An earned advanced degree which meets requirements for teacher certification as adopted by the State Board of Education. An individual earning this degree is awarded a Class I-Advanced Certificate.

Dropout: A student who leaves school for any reason other than death, prior to graduation or completion of a course of studies and without transferring to another school or institution. For further information see *Policies and Procedures for the Collection of School Dropout Data*.

Education Experience: The total years spent employed in education with appropriate certification for the position or positions held. One hundred forty employed days qualifies an individual for one year of education experience. (Years of experience for retirement purposes is computed differently than that for certification credit. The full one hundred ninety days of employment are necessary to qualify for one year of retirement credit.)

Enrollment: A student count encompassing the number of students present for thirty-five days of school. A student is counted in enrollment on the thirty-fifth day that he(she) has been present in school, provided that he(she) has not been counted in the enrollment of any other school in the State. The enrollment count is cumulative for the school year, i.e., a student remains on the enrollment for the original school of entry for any given school year.

Equalized Revenue: The theoretical amount of funds that a school district would receive if local property taxes other than those designated for debt service were distributed to the school districts in direct proportion to the ability indices of the school districts. The amount is obtained by multiplying the ability index of the school district by the state total of local property taxes for current operations. See Ability Index and Tax Revenue.

Expenditures, Administration: Funds spent for activities concerned with establishing and administering policy in connection with operating schools and the school district. Fringe benefits were excluded from administrative expenditures in the current edition of this publication.

Expenditures, Auxiliary Services: Funds spent for pupil services, instructional staff services, fiscal services, pupil transportation, food services, internal services, and central support services. Fringe benefits were excluded from auxiliary expenditures in the current edition of this publication.

Expenditures, Capital Outlay: See Capital Outlay.

Expenditures, Current Operating: Funds spent for all school district activities excluding capital outlay, debt service, adult programs, community services, and pupil activities. Alternatively, it is the sum of expenditures for administration, instruction, plant operations and maintenance, auxiliary services, and fringe benefits. See Current Operations.

Expenditures, Debt Service: See Debt Service.

Expenditures, Fringe Benefits: Funds spent by the school district for retirement; group life; social security; workers' compensation; unemployment; health, life, and long-term disability; dental insurance; and other local employee benefits.

Expenditures, Instruction: Funds spent for activities dealing with the teaching of pupils or the interaction between teachers and pupils regardless of where activities occur (school classroom, home, hospital, etc.); for approved instructional media such as television, radio, telephone and correspondence; for aides, clerks, teaching machines, etc.. Fringe benefits were excluded from instructional expenditures in the current edition of this publication.

Expenditures, Plant Operations and Maintenance: Funds spent for activities concerned with keeping the physical plant open, comfortable, and safe for use; keeping the grounds, buildings, and equipment safe and in effective working condition and state of repair; and maintaining safety in the vicinity of schools. Fringe benefits were excluded from expenditures for plant operations and maintenance in the current edition of this publication.

Family: A householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption; all persons in a household who are related to the householder are regarded as members of his or her family. See Household.

Federal Revenue: Funds collected by the Federal Government and distributed to school districts either directly or through intervening agencies. Funds designated for capital outlay were excluded from the table ranking revenue per pupil from federal sources in this publication. See Appendix C.

Fiscal Capacity: The assessed value of property located within a school district, adjusted to account for current market value. This measure of school district financial strength is calculated annually by the South Carolina Tax Commission and is the sum of five property tax components. See Explanatory Notes, page vi, for further information.

Fringe Benefits: See Expenditures, Fringe Benefits.

Full-Time Equivalency: The amount of employed time in a less than full-time position expressed in proportion to that required in a full-time position, with "1.0" representing one full-time position. Full-time equivalency is expressed in tenths.

Gifted Students: See Academically Gifted Students.

Household: All related or unrelated persons occupying a housing unit as their usual place of residence. A housing unit is a structure intended for residential use, i.e., a house, a group of rooms, apartment, or a single room occupied as separate living quarters. (People not living in housing units are classified within the 1980 Census as living in group quarters, e.g., institutions, rooming and boarding houses, communes, dormitories, convents, monasteries, etc..) See Family.

Instruction: See Expenditures, Instruction.

Levy: See Tax Levy.

Local Revenue: Funds received by the school district from local sources including local taxes, tuition, transportation fees, earnings on investments, food sales, rentals, donations, and miscellaneous local sources. Monies received for capital outlay and debt service were not classified in this category. See Local Taxes. See also Appendix C.

Local Taxes: The part of revenue that a school district receives which is a result of local taxation. Included in this category are taxes levied within the school district boundaries such as levies for current operations, levies for debt service, delinquent taxes, levies for permits, licenses and other taxes. Also included are taxes received by the school district from intermediate or other local governmental units. Such taxes include county equalization tax, revenue in lieu of taxes, and money which may not have been earmarked for school purposes. See Tax Revenue. Also see Local Revenue and Appendix C.

Lunch, Free: School lunches provided to public school students without payment of a lunch fee. Student eligibility for free lunch is based on the completion of an application by the parent or guardian and the determination that family size and income as declared on the application meet criteria for free lunch.

Lunch, Reduced-Price: School lunches provided to public school students at a less than full-price fee. Student eligibility for reduced-price lunch is based on the completion of an application by the parent or guardian and the determination that family size and income as declared on the application meet criteria for reduced-price lunch.

Master's Degree: An earned advanced degree which meets requirements for teacher certification as adopted by the State Board of Education. A teacher earning this degree is awarded a Class I Certificate. An earned master's degree plus thirty semester hours of graduate credit in a planned program approved by the State Board of Education entitles a teacher to receive a Class I-Specialist Certificate.

Median Age: The age value in an ordered set of values below and above which are equal numbers of values. The median age listed in the 1980 Census was computed using the age of persons in completed years as of April 1, 1980.

Median Household Income: The amount which divides the household income distribution into two equal groups, one having incomes above the median and the other having incomes below the median. For households, the median income is based on the distribution of the total number of household units including those with no income.

Median School Years Completed: The number of years of school completed by the typical person in the population under consideration. Half the population have less schooling, and half have more schooling.

Membership: The number of pupils present plus the number of pupils absent. The Department of Education collects aggregate days present and absent for all students at the end of 15, 45, and 135 days of school. The aggregate days present and absent divided by the number of days for the appropriate school period equals Average Daily Membership for a given period.

Membership, Weighted: The total obtained by adding the weighted membership for each classification of pupils as specified by the Education Finance Act. The weighted membership for each classification is found by multiplying the Average Daily Membership for the 135-day period by the weighting factor for that classification. The weighting factors are:

	CLASSIFICATION	WEIGHTING FACTOR
(1)	Kindergarten Pupils	1.30
(2)	Primary Pupils (Grades 1-3)	1.24
(3)	Elementary Pupils (Grades 4-8)	1.00
(4)	High School Pupils (Grades 9-12)	1.25
(5A)	Educable Mentally Handicapped Pupils	1.74
(5B)	Learning Disabled Pupils	1.74

	CLASSIFICATION	WEIGHTING FACTOR
(6A)	Trainable Mentally Handicapped Pupils	2.04
(6B)	Emotionally Handicapped Pupils	2.04
(6C)	Orthopedically Handicapped Pupils	2.04
(7A)	Visually Handicapped Pupils	2.57
(7B)	Hearing Handicapped Pupils	2.57
(8)	Speech Handicapped Pupils	1.90
(9)	Homebound Pupils	2.10
(10)	Pre-vocational Pupils	1.20
(11)	Vocational Pupils	1.29

The above weighting factors are used to provide for relative cost differences among programs for different students. Kindergarten pupils are counted as half-day pupils for an effective weighting of .65.

Mills: Units of property taxation. A mill is one tenth of one percent. See Tax Levy.

Net Taxable Sales: Gross sales less allowances for nontaxable items. Businesses currently report sales by the county in which the product was retailed.

Nonpublic (Private) School: A sectarian, ecumenical, or secular school operating within South Carolina and offering, generally for a tuition charge, elementary- and secondary-level instruction to resident or day students of legal school age. Elementary- or secondary-level instruction applies to grades kindergarten through twelve for the purposes of this publication. (Attorney General's Opinion No. 2513, page 200, defines a private school as one established by any agency other than the State or its subdivisions, primarily supported by other than public funds, and operated by officials neither publicly elected nor appointed.)

Nonwhite Count: A sum of persons who report that they belong or identify with Black racial groups of Africa, Hispanic groups, Asian/American (Pacific Islander) origins, or American Indian (Alaskan Native) origins.

APPENDIX E - continued

Per Capita: Per person.

Per Capita Income: The mean (average) income per person. The figure is calculated by adding the total personal incomes of every man, woman, and child in a particular group and dividing by the number of persons in that group, including those with no income. Persons without income (children, for example) tend to lower the per capita income. See Personal Income.

Per Pupil: Refers to division by the pupil count. The financial tables in this document which refer to revenue, expenditures, assessed valuation, or wealth per pupil use the Average Daily Membership count at the end of 135 days of school. Unless otherwise specified, the unweighted count with all kindergarten pupils counted as half-day pupils is used to rank the school districts according to per pupil values.

Personal Income: The total income annually received by an individual. For the 1980 Census, personal income includes income received in calendar year 1979. It represents income from all sources before deductions for taxes including wages and salary, net income from self-employment, net rental income, interest, dividends, royalties, social security, railroad retirement, public assistance, welfare and all other income. Income does not include money received from sale of property or value of income "in kind" from sources such as food stamps, public housing subsidies, or medical care. Also excluded from income are money borrowed, withdrawal of bank deposits, tax refunds, exchange of money between relatives, gifts, lump-sum inheritances, insurance payments and other types of lump-sum receipts.

Plant Operations and Maintenance: See Expenditures, Plant Operations and Maintenance.

Poverty Level: A classification derived from the 1980 Census collection and based on income of families and unrelated individuals in 1979 using a poverty index which provides a range of income thresholds varying by size of family, number of children, and age of the family householder or unrelated individual. The family income threshold ranged from $3,479 for one person over age 64 to $14,812 for nine or more persons.

Professional Staff: For the purpose of this publication, all persons for which professional staff forms are completed during the annual collection of the Basic Educational Data System (BEDS) constitute professional staff. The types of staff required to complete a staff form are listed in Appendix D.

Public School: An elementary- or secondary-level school operated by publicly elected or appointed school officials in which the program and activities are under the control of these officials and supported by public funds.

Rural Population: The population not classified as urban. See Urban Population.

Salary: The total amount regularly paid or stipulated to be paid to an individual, before deductions, for personal services rendered while on the payroll of a school district. See Average Salary.

School District: The basic administrative unit in the organization of public schools within South Carolina. Currently, 91 geographic public school districts operate under the jurisdiction of local school boards and through the school district superintendent or chief administrator.

Six-Year Certificate: An earned master's degree plus thirty semester hours of graduate credit in a planned program approved by the State Board of Education. A teacher earning this certificate is awarded a Class I-Specialist Certificate. An applicant must possess a minimum of sixty graduate semester hours and must meet requirements for an initial area of certification as adopted by the State Board of Education.

State Revenue: Funds collected by the State and distributed to school districts. Funds that are dispersed directly by the State, such as those for operating the school bus system are not included as revenue at the school district level. The portion of fringe benefits paid by the State were included in the revenue of the school districts only for school years 1981-82, 1987-88, 1988-89, and 1989-90. Such fringe benefits were included in the budget of the State Department of Education for all other years that fringe benefits were partially or wholly funded by the state. Funds designated for capital outlay were excluded from the table ranking revenue per pupil from state sources in this publication. See Appendix C.

Supervisory Staff: For the purpose of this publication, persons occupying the professional positions of director, supervisor, consultant, and coordinator of special instructional areas and located within the county or school district office constitute supervisory staff. The specific position types are listed in Appendix D, "County/District Office Personnel Only."

Tax Base: The value to which the tax rate is applied to determine the tax due. For property tax, the base is the assessed valuation; for income tax, the base is the taxable income.

Tax Effort: The ratio calculated by dividing tax revenue by equalized revenue for a school district. See Tax Revenue and Equalized Revenue.

Tax Levy: The tax rate; the ratio of tax to the tax base. For property tax, the rate is in mills and is applied to the assessed valuation to determine the tax. See Mills.

Tax Revenue: Funds received by a school district through taxation of local property. Tables in this document distinguish between taxes received for current operations and taxes received for debt service. See Local Taxes. See also Appendix C.

Taxable Income: The aggregate amount of income on which South Carolina personal income tax liability is based. For an individual, it is the figure on which income tax is determined by applying the tax rates or by using the tax tables.

Teacher Turnover: The ratio of teacher attrition to the base-year teacher count expressed as a percent. Only full-time teachers who possessed valid credentials and were employed more than one hundred forty days during a school year were counted for the year. The teacher turnover rate is the smaller of the percent of prior-year teachers who terminated and the percent of current-year teachers who were newly-employed. Use of the smaller percentage largely compensates for effects due to expansion or contraction of programs and/or the student population base within a school district.

APPENDIX E - continued

Urban Population: As defined for the 1980 Census, the urban population comprises all persons living in urbanized areas and in places of 2,500 or more inhabitants outside urbanized areas. More specifically, the urban population consists of all persons living in (1) places of 2,500 or more inhabitants incorporated as cities, villages, boroughs (except in Alaska and New York), and towns (except in the New England States, New York, and Wisconsin), but excluding those persons living in the rural portions of extended cities; (2) census designated places of 2,500 or more inhabitants; and (3) other territory, incorporated or unincorporated, included in urbanized areas.

Wealth Per Pupil: The fiscal capacity of a school district divided by the membership. See Fiscal Capacity and Per Pupil.

White Count: A sum of persons who report that they belong or identify with people having origins from any of the original people of Europe, North Africa, or the Middle East.
